

COWELL COLLEGE STUDENT PROJECT FUND 2019-2020

There is a modest fund to support individual undergraduate student projects. Assistance will be considered in the following areas: 1) academic research; 2) creative initiatives; 3) artistic endeavors; and 4) public events of benefit to one or more colleges or to the campus community. Both individual and collective efforts are encouraged.

Funding for individual projects can be matching, partial, or full, depending on merit, funds available, and other funding sources. Proposals will be accepted only from registered undergraduate students, and will be judged competitively in terms of merit. In making awards, efforts will be made to maximize the number of students who may benefit from these limited funds. Additionally, the extent to which a project will benefit a college or the University community will be considered.

If you have any questions regarding the process of your proposal, contact the college office.

ELIGIBILITY GUIDELINES

1. The applicant must be a registered undergraduate student when the proposal is submitted and during the time the funds will be used. Students receiving funds for summer projects do not have to be registered for Summer Session, but must register for the following fall or winter quarter.
2. Ordinarily requests in excess of \$500.00 are not considered.
3. The funds will not subsidize Education Abroad programs, class enrollment fees, salaries, or personal living expenses.
4. Transportation expenses are given the lowest priority except as outlined in item 9.
5. Senior theses will be considered for funding only if support has been requested from appropriate Boards or Divisions and only if appropriate statements from them are provided.
6. No project may receive support more than once from this funding source. The funds cannot subsidize ongoing projects or recurring or annual events.
7. The applicant must be able to demonstrate the technical ability to carry out the project successfully and according to schedule.
8. At least one letter of support (and preferably two) from a relevant UCSC faculty advisor (or staff advisor when appropriate) must accompany the proposal.
9. Expenses to attend conferences, seminars, workshops, etc. are provided only if the student has a paper accepted for presentation and with relevant UCSC faculty member's endorsement.
10. Funds requested for projects that have been completed will not be considered.
11. Campus accounting procedures specify that funds are not intended to be spent on gift items. Funding for gifts and mementos, including recognition or award plaques will not be approved. Low priority will be given to costly food budget items, particularly if the food is being given away, as opposed to being sold. The nature of programs and the importance that food has in the overall success of a given event or project will be considered. In addition, funds will not be provided for monetary gifts to be turned over to another source. The sponsor of a project must apply for funds directly. If an event is to be co-sponsored, a proposal may be co-authored.
12. Requests for funding where the proposed activity or product is intended primarily to serve an ethnic audience, or projects, regardless of the audience, which are intended to celebrate or illuminate domestic ethnic groups or cultures, should be directed to Ethnic Programming. For projects, which benefit the non-university community, proposals should be directed to the Community service Projects Fund. Partial funding by multiple funding sources may be appropriate where part of a project fits various guidelines.
